Introduction

Safari General Trading & Contracting was established in 1974 and excelled in the pre-engineered steel construction since 1988, building warehouses, factories, offices, showrooms, chalets, etc...

Since then Safari has successfully carried out more than 360 projects being keen and eager to remain the leaders in this field.

Safari's services include the design, supply / erection of pre-engineered steel buildings, design & construction of foundations and slabs, site surveying, site preparation, civil works, etc...

We can proudly say that our success is based on quality and confidence.

Safari's experienced staff and workforce has gained us the client's trust whether it is the main contractor, consultant or the end user.

Building Foundations of Trust

Being a Kirby Certified Builder for many years, we can offer you our economical service whatever your pre-engineered steel building requirements are, assuring you promptness, quality and satisfaction.

Steel / Civil Construction

Safari General Trading & Contracting takes pride in carrying out several of our projects on the basis of steel building design / supply / erection, including design and construction of foundations and slabs, site surveying, site preparation and general civil works.

A few of such projects executed are:

Project	Area (m2)	Year
M.O.A. MAINTENANCE SHOP & CAR PARKS / ABDALY	3,400	1989
REHABILITATION OF KIRBY SANDBLASTING AREA	750	1996
WAREHOUSES AT FREE TRADE ZONE	120,000	1999
AL ZOUR SOUTH DISTILLATION PLANT	35,000	2001
KRAFT PAPER MILL WAREHOUSE / MINA ABDULLAH	2,200	2002

Khalil Bahman Workshop

Steel Fabrication

Safari General Trading & Contracting is occasionally requested to construct non-standard steel buildings which require custom design and site fabrication.

Miscellaneous steel such as platforms, gratings, ladders, handrails, non standard stairs, are in demand in most commercial or industrial projects and Safari is confidently capable of carrying out these fabrications.

Moreover, some standard pre-engineered steel buildings require urgent alterations which can be carried out by our skilled workforce on site without having to send any steel members back to the manufacturer saving you time and money.

A few of such projects executed are:

Project	Area (m2)	Year
FAHAHEEL SOUK	2,800	1993
AL ARFAJ CONVEYOR STRUCTURE / SHUWAIKH	1,200	1993
ARSAN WAREHOUSE / FINTAS	500	1994

Pre-engineered Steel Construction (International)

Safari's activities are not limited to the Kuwait market, we have pioneered the tough Iraq market and have performed Design, Supply and Construction in record durations beyond the minimum expectations and the high admiration of leading main contractors such as KBR, PERINI, PRIME PROJECTS INTERNATIONAL, WESTON SOLUTIONS, etc...

Safari has many potential projects in Dubai, Qatar, Oman and Afghanistan that are materializing and will take place in the near future.

As the Deputy Construction Manager for KBR in Iraq, I have been involved with your company and your workforce since the start of the project. Now that the contract has come to an end I would like to offer you my sincere thanks & gratitude for all your help and assistance.

This project, which is valued at over £100m, has been a huge success and large part of that success can be contributed to Al Dar and its professional workforce.

I congratulate you for supplying us with such committed and dedicated personnel, who have been a pleasure to work with and remained focused at all times to pushing the work forward while still maintaining high levels of quality workmanship.

I look forward to working with you in the future.

Kind regards

Deputy Construction Manager – Iraq.

Camp Taqqadum, Iraq
Butler Metal Building; Steel Erection, siding and roofing

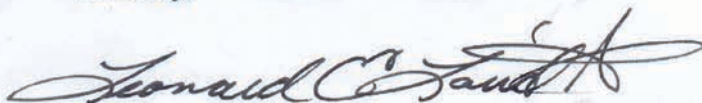

Mr. Chaudhary Anser,

As the Erection phase of this project comes to a close here at Camp Taqqadum, I wanted to express my satisfaction in working with you and your crew on the Overhead Protection System Project. You have been an open and honest communicator with all issues and concerns whether they were yours or mine.

You and your crew were not only knowledgeable and experienced but also showed true dedication for the timely and safe completion of the steel erection, fascia and roof deck installation.

I wanted to express my gratitude for the outstanding performance and high quality of workmanship in support of the United States Armed Forces and Perini Corporation.

Sincerely,

Leonard E. Laird Sr.

Subject: Appreciation Letter

Dear Sirs,

We wish to extend our thanks to the Safari team for the completion of the Kuwait Oil Tanker Co. (KOTC) Um Al-Aish LPG New Filling Plant Project as per the project requirements, targets, and deadlines.

We are delighted to congratulate Safari on its outstanding achievement(s) as they have not only met the project requirements, specifications, and expectations but have exceeded them. You have done a remarkable job, and we would like to thank the entire Safari Team for its sincere efforts, hard work, and transparency in coordinating and constructing such a prestigious project. I am very happy to have had Safari as part of our project team and their role was an integral part of the project's success.

Congratulations from all of us.

Yours sincerely,

Chung-KyuLee
